Your Guide to Clear, Healthier Skin

TOP TIPS BY QUEENS CROWN

Beauty is not skin deep, it an experience !

The way to a healthy, glowing complexion goes beyond receiving a faical monthly. Skin care starts at home

WE BELIEVE LESS IS ALWAYS MORE.

CLEANSE DAY AND NIGHT.

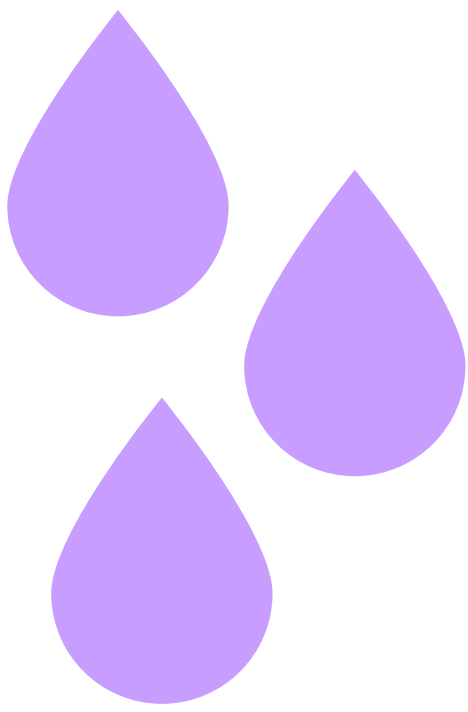
Washing your face with a mild and natural facial cleanser such as Royal Cleanse, twice a day morning and night especially at night is just a way to get rid of pore-clogging impurities and preparing your skin ready to absorb other skin-care products.

FYI, ALL SKIN TYPES NEED SUNSCREEEN

That damage from the sun can come in many forms, from hyperpigmentation, wrinkles, dark spots, sunburns and even cancers.

EXFOLIATION 101

Exfoliating is vital to obtain and maintain healthy skin. It is beneficial as it removes the old cells and debris, revealing the younger and fresher looking skin below. This opens the way for moisturizing products to penetrate more deeply into the skin.



AVOID USING MAKEUP WIPES TO

Makeup wipes don't really clean your skin. Mostly, they smear around whatever makeup, dirt, and dead skin is hanging out on your face, leaving a trail of irritated skin in their wake.
-Opt for a oil cleanser such as Royal Oil to thoroughly cleanse the face
